Personal Safety Equipment

With increased emphasis placed on safety at the railroad, the Friends are obligated to become compliant with the adopted standards. With that comes the need to upgrade all personal protective equipment (PPE). In doing so, we realize that many of you volunteering on the railroad are using equipment that is currently not certifiable or may be past its life expectancy.

Since this change in safety criteria a new Friends safety manual has been published (2019) that references specific types of safety equipment now mandated. Compliance is required to meet American National Safety Institute (ANSI) and the Occupational Safety and Health Administration (OSHA) standards. All equipment included for purchase on this form complies with those standards.

With that in mind we have undertaken a task to provide you, Friends members, with the opportunity to obtain the most up to date safety equipment at cost. The new PPE is required to be worn when working on projects at the railroad. If you have existing safety equipment that you believe may meet the current standard you are welcome to bring it in to have it certified by the railroad safety officer. All hard hats must have a manufacturers sticker on the inside of the hat that attests to the standards and date of manufacture. Hard hats 5 years or older from date of manufacture should be replaced.

Hard Hat Selection

Item # 93005

NS® Power Shell® II 4-Point Ratchet Suspension Full Brim Hard Hat

Get the power

Lightweight, yet rugged high-density polyethylene construction provides excellent protection and comfortable wear
Comfortable, 4-point suspension with vertical height adjustment assures a personal, secure fit
Moisture-wicking, polyester brow pad helps keep sweat out of wearer's face
design offers added protection against rain, sun, and snow
complies with ANSI Z89.1-2009, Type I, Class E and G standards

Item # 23189

NS® Power Shell® 4-Point Ratchet Suspension Cap Hard Hat

Get the power

Choose this feature packed hard hat for excellent protection and comfort - and keep your safety budget under control. Light weight, yet rugged polyethylene shell offers excellent head protection
Low profile hard hat design features comfortable 4-point Flex-Gear® suspension
Hats include rain trough and accessory slots for use with cap mount muffs, face shields, communication devices, and more
Soft, absorbent, replaceable cotton brow pad with cushion pillows ensures maximum comfort
Flex-Gear® ratchet suspension bends at flex points to conform to the head for added comfort
Large ratchet knob adjusts easily - with or without gloves
2 front and 2 rear height adjustments ensure a superior custom fit
Features cushion pillows where ratchet housing rests for added comfort
Replacement Flex-Gear® ratchet suspension item# [23195](#), and replacement cotton padded brow pad item# [23196](#), both sold separately
Complies with ANSI Z89.1, Type I, Class E and G standards

Safety Glasses Selection

Item # 22916

Crews Glasses Law® OTG Clear Anti-Fog Over-the-Glass Safety Glasses

Over-the-glass eyewear at a great price
