

CAN YOU HEAR THE WHISTLE BLOW?

Use a whistle you have or make one with our DIY plans to practice the whistle signals.

Whistle sounds must be distinct. They must have an intensity and duration that can be heard across long distances. The "●" is for short sounds and the "—" is for longer sounds.

	Sound	Indication
A	●	Apply brakes. Stop.
B	— —	Proceed. Go.
C	— ● ● ●	Flagman protect rear of train.
D	● ● ● —	Flagman protect front of train.
E	— — — — —	Flagman return from west or south/5-minute departure warning
F	— — — — —	Flagman return from east or north
G	— — —	Train has parted.
H	● ●	Release brakes. Answer to any signal not otherwise provided.
I	● ● ●	When standing, back up. When running stop at next station.
J	● ● ● ●	Call for signals.

Signals from "C&TS, Employee Timetable 6, Effective 12:01 Saturday, May 1, 2021"
